

KMC Supports SBB

May 26, 2017 - Hundreds of youth volunteers and volunteer-teachers gathered at RDR Gym in Tagum City for the culmination of the 4th season of ComVal's Summer Big Brother (SBB): "Bayanihan para sa Karunungan".

The 15-day program was aptly themed: "We Are Love, We Are Hope, We Are Volunteers"

The program which piloted in 3 schools 4 years ago, has now benefited more than a hundred elementary schools in the province.

Compostela Valley Governor Jayvee Tyron Uy praised the efforts exerted by the selfless volunteers and stakeholders who immensely contributed to the success of the program.

KMC Admin Manager Ethelinda Abarro and company's SBB Coordinator Ralph Arellano pose for a photo with Compostela Valley officials headed by Governor Jayvee Tyron Uy (holding check). KMC handed 50k-worth check to the governor for the SBB culmination event

Kinging Mining Corporation (KMC) is one of the pioneer partners of the provincial government ever since the SBB was first launched in 2013 by the former Compostela Valley Governor Arturo Uy.

The Company has incessantly supported the program through monetary assistance and through its KMC scholars who also served as volunteers to the program.

This year, KMC shelled out 50 thousand pesos to help finance the culmination event.

KMC's Administration Manager Ethelinda Abarro and the SBB company coordinator Ralph Arellano personally handed the check to the governor.

SBB initiative is anchored in the principle of volunteerism that aims to help students in the elementary level to improve their reading skills.
